British Values at Icklesham Primary School

Since November 2014, schools have been asked to promote British Values under the social strand of SMSC.

Ofsted says that the social development of pupils is shown by their acceptance and engagement with the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs; the pupils develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

We aim to help pupils to:

- develop their self-knowledge, self-esteem and self-confidence
- distinguish right from wrong and to respect the criminal and civil laws of England
- accept responsibility for their own behaviour, show initiative and understand how they can contribute positively to the lives of those living and working in the locality of the school, and to society more widely
- learn about (and have respect for) public institutions and services in England
- further tolerance and harmony between different cultural traditions by acquiring an appreciation and respect for their own and other cultures
- respect other people
- respect democracy and the basis on which the law is made and applied in England.
