

HOME LEARNING
14th February 2020

Thank you to those parents who attended the music session for Reception today and thank you to Mr Cruttenden for his weekly input. The children have really enjoyed working with him. Mr Cruttenden will be back to work with Nursery and Reception again as part of our transition work in the summer term. Mrs Fletcher will be working with the whole class next term.

Apple class have been very busy this week designing and making something they can REUSE by RECYCLING. They have had some wonderful ideas and have really thought about what junk modelling materials they can use, what it could be made into and how they were going to make it. Year 1's have also been scientists making choices about the properties of materials eg. I wonder if cardboard would make a good water container

This week, we have also:

- Talked and written about Storm Ciara
- Used phonics to read and write, showing what we have learned (assessment)
- Solved maths problems to show our understanding of this terms learning (assessment)
- Had dance with Mrs Mitchell

We hope you have a lovely half term week. Please keep reading with your child over the holidays. Reading medals will be awarded on the 28th February to anyone reading more than 8 times (4 times a week x2).

Please make sure you have signed up for parent consultations. There are only a few slots left. My apologies for not being available on the Thursday evening. Mrs Barry should have been in touch to rearrange this with you.

Thank you for your support.

Mrs Cullingworth, Mrs Wells, Mrs Smith, Mrs Pain
