

HOME LEARNING
13th March 2020

We had a super sporty day today in aid of Sport Relief! Our Best Buddies organised sports activities for us, we did the daily mile, joined in with the whole school fitness session and even managed to get sports in our maths today with a who can do more star jumps challenge.

This week, we have also:

- Written and drawn our weekend news
- Used phonics to read and write
- Found facts about animals in non-fiction books from the library
- Wrote speech bubbles about animal facts
- Recorded animals from different animal groups (Year 1)
- Matched baby animals to their mothers
- Compared objects and numbers in maths recognising more, less and equal.
- Year 1 used symbols to show greater than, less than and equal ($>$ $<$ $=$)
- Made palm leaves with Best Buddies in response to the Easter Story

Please read the letter sent home yesterday about a trip to Rare Breeds Centre.

Thank you for your support.

Mrs Cullingworth, Mrs Wells, Mrs Smith, Mrs Pain
