

Apple Class planning Term 6

From Monday June 1st we will be following The Oak National Academy curriculum so that while some of us are in school and some of us are at home, we can still share the same learning. Each week I will be posting on the class page of the school website what we are learning that week.

This will include links to each lesson that we will be using in school. You / your child will be able to click on that link and be guided through the learning. I will be available for a period each afternoon to answer any queries from home learners. There will be roughly three hours of learning per day but this can be managed at home to suit your circumstances. Once we become more familiar with the "new normal" for school I hope there will be more opportunities to interact virtually as a class. An email explaining more about The Oak National Academy was sent to you separately on 22nd May.

These are the weekly timetables for the week beginning Monday 1st June. Click on the link to start a lesson.

Week 6 YEAR 1	All weekly lessons and assemblies available here: https://www.thenational.academy/online-classroom/year-1#schedule
