

## CHESTNUT CLASS HOME LEARNING

13<sup>th</sup> November 2020

Today, we dressed up with odd socks to support Children in Need!

This week, we have begun our new curious curriculum: I wonder why the weather changes. We began with a walk around the school grounds to spot signs of Autumn and Winter, taking photos, collecting natural objects and using our senses to explore. We will be finding out about the seasons and investigating the weather in the upcoming weeks. I wonder if you can go on a woodland walk to see what signs of seasonal change you can find, or start a weather journal?

\* If you have a photo of your child dressed for different types of weather that you are happy to share with the class please email to [mwells@ickleshamcp.e-sussex.sch.uk](mailto:mwells@ickleshamcp.e-sussex.sch.uk) before next Wednesday\*

We have also:

- Written about the story of Guy Fawkes and the gunpowder plot
- Found out about Remembrance day, taking part in the two minute silence at 11am
- Made our own poppies and used them to create a class wreath
- Begun rehearsing for this year's Nativity (2020 Lockdown special)!
- Watched 'Numberblocks' episodes that focused on numbers 8, 9 and 10. We found out that ten one's make one ten!
- Practised letters and sounds through reading and writing and activities to build on our phonic skills and develop new ones
- Had PE (gymnastics) with Mrs Cullingworth

Please practise reading at home and continue sharing your child's own books with them at bedtime. Look out for signs and text around you at home or when out and encourage your child to spot sounds or words that they know. Please could everyone have a look at home this weekend for any spare reading books that may not have made their way back to school yet.

Thank you for your support.

Mrs Cullingworth, Mrs Wells and Miss Freeman
