

Icklesham Church of England Primary School and Nursery

It has been very quiet in school since Wednesday with our Year 5 and 6 having a fantastic time at PGL!!! I enjoyed visiting them yesterday evening and I can report that they are enjoying every minute!!! Year 6 continue to be super busy next week with their Diocesan Leavers Service at St Matthews Church, Silverhill on Thursday morning at 9:30am. Parents and carers are encouraged to join us for this event which is always very moving. Our Year 4's have now completed their times table tests and KS1 have completed their phonics screening. We look forward to sharing their amazing results with you all soon. Enjoy the weekend everyone! Mrs Robinson.

PTFA News

In preparation for our upcoming **sports day on Thursday 27th June**, we would like to encourage all families to support their children by wearing the colours of their child's House Team. To support families with this we are holding a preloved colour shop after school next Friday 21st June. Please bring any Red, Yellow, Blue or Green items along, ensuring items are clean please. We look forward to seeing all our families supporting in their colours on the day!

We are also looking forward to our **Summer Fayre on Saturday 6th July, 11am—2pm**. We are holding a mufti day on Friday 21st June in exchange for tombola prizes. Please help us raise as much as possible at our Summer Fayre as this really helps us support each class going on trips etc.

Ocean Class This week we have been incredibly busy in the nursery, learning all about summer time! The children enjoyed a very messy beach play with oats, water, shaving foam, playdough and pasta! It turned into a bit of a potion making session by the afternoon! We also received our caterpillars this week and are now watching them daily to see them grow. The children have been learning about "metamorphosis" and we can't wait until they turn into butterflies! We were visited by Emma Clarke at the beginning of the week. Emma came in to support us in setting, providing opportunities and training around speech and language support. We have continued to learn our Makaton signs, enjoyed music twice this week and the children have amazed us with their number work and phonics knowledge! Well done everyone, have a great weekend!

Coral Class This week in Coral Class we enjoyed our first swimming sessions. We are so proud of all the children's confidence in the water and their willingness to take part in different activities including activities which involve going under the water. The children have also enjoyed arts and crafts this week and have been making many animals / creatures using a range of materials. We have also been working hard on our writing this week, focussing on sentence structure and handwriting. Well done to our superstars of the week

Victoria and Rosie.

Woodland Class Woodland class has had a fabulous phonics week but has also been super busy learning all about human and physical features in geography, discussing surprises and secrets in PSHE and taking a look at what it is like to be a Muslim. Our writing has been about our favourite landmarks in London and the whole class has tackled quarters and halves in maths. What a busy week! Next week we will be taking a look at time in maths. Two children in particular have really let their light shine this week. These are two girls who have been putting a lot of effort into really improving their writing and have impressed us every lesson. Well done Sophia and Elli!

Rainforest Class Rainforest Class what a busy week we've had, we kicked off the start of the week returning back to swimming and making good use of our school pool. In maths we have been learning and working on our tenths using a place value chart and a number line.

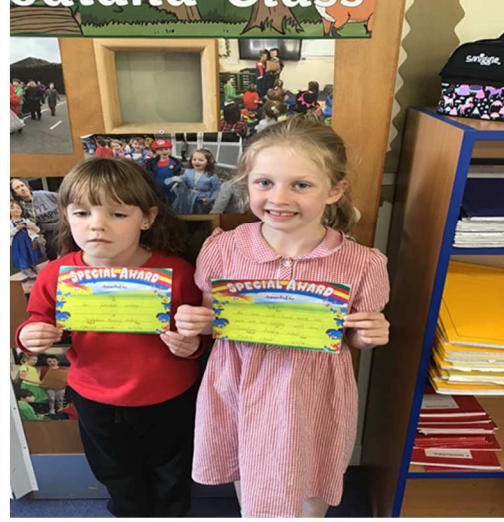

In writing we have also been learning about co-ordinating conjunctions in our sentences plus how and when to use exclamation and question marks. In Geography we have continued exploring Australia, we have started making a fact file and using the Crome books we have been looking up Australian weather, food, animals and their states - did you know that the capital of Australia is Canberra?.

This week our stars of the week go to **Evie** for her beautiful presentation on her Australian fact file and front cover and **Phee** for working hard in her maths and perseverance.

Well done to everyone for a great week, you're all super stars!

Eden Class In case you hadn't heard ... Eden Class have been on PGL! We had an excellent time, we have swung, climbed, jumped and reached new personal highs for the past three days! The cabins, groupies (leaders) and meals were fantastic! There are photos on Google classroom with more appearing over the next few days for you to enjoy and share with your families. Thank you to all of Eden Class for a marvellous three days and also a massive thanks to Mrs Barry, Mrs Piggot and Miss Crittenden for their enthusiasm, sense of fun and help! We won't dwell on Wednesday night's sleep!! Please bring any belongings you have that don't belong to you to school on Monday so they can be reunited with their owners. Enjoy your own beds tonight.

Well done on a super week!
